

JAYESH VISHWAKARMA

Indore, IN · jayeshvishwakarma6028@gmail.com · +91 6***** · <https://www.linkedin.com/in/cmd-jayesh>

EDUCATION

Acropolis Institute Of Technology And Research
Integrated Master Of Computer Application

Indore
2022 - 2027

Gyan Ganga E.M.H.S School
Higher Secondary School Commerce

Harda
2021 - 2022

SKILLS

Programming :	Python (NumPy, Pandas, Matplotlib, Scikit-learn)
Machine Learning:	Supervised & Unsupervised Learning, Feature Engineering
Natural Language Processing (NLP):	Text Processing, Sentiment Analysis
Data Handling:	Preprocessing, Model Evaluation, Dataset Management

PROJECTS

Speech Emotion Detection

<https://github.com/jayesh-cmd/Speech-Emotion-Detection>

I developed a model using the RAVDESS dataset to recognize human emotions from speech. The project involved implementing feature extraction techniques such as MFCC and training machine learning models to classify emotions like happy, sad, and angry.

Fake News Detection

<https://github.com/jayesh-cmd/Fake-News-Detection>

I built a machine learning model to classify news articles as real or fake. I utilized NLP techniques such as TF-IDF vectorization and trained models using logistic regression and random forest to enhance accuracy in detecting misinformation.

House Price Prediction

<https://github.com/jayesh-cmd/House-Price-Prediction>

I created a regression model to estimate house prices based on factors like location, size, and amenities. The project involved data preprocessing, feature scaling, and training the model using linear regression to generate reliable price predictions.

AWARDS

Reel Competition

Got an award By AITR In Reel Competition In Ardor 2024

2024
